Sub-processors

Version 0.4 · November 4, 2026
https://recurrentaero.com/legal/en/EEA/subprocessors

Pre-launch version
Pre-launch version 0.4. These terms take effect for a training centre on the date it signs or accepts them, and for all other users on the date the service opens. No payments are taken under this version yet.

Nivorbit Teknoloji Limited Şirketi ("Nivorbit", "we") uses the providers below to run the Recurrent Platform. They are the sub-processors under the Data Processing Agreement and the Privacy Policy. A new version is published when the list changes; customers are told of a change at least 30 days ahead.

1. In continuous use

- **Stripe:** card payments, payments to training centres, subscription billing and tax calculation. Data: name, e-mail, payment details and amount, the centre's business and account details. Card details are entered directly with Stripe.
- **Resend:** sending e-mail (invitations, confirmations, notifications). Data: e-mail address, name, message content.
- **Cloudflare:** storage of uploaded files (documents and photos). Data: the files you upload.
- **Anthropic:** the AI assistant. Data: what you write to the assistant and the context needed to answer. What is sent is described in the Privacy Policy.
- **Google Firebase Cloud Messaging:** delivering mobile notifications. Data: the device notification token, the notification text.
- **Google Maps Platform:** address search. Data: the address text searched for.

2. Only if the feature is on

- **Twilio:** SMS notifications (Pilot Pro). Data: phone number, message text.
- **Google Wallet:** adding the session pass to the wallet. Data: session and booking details.

3. Still to be added

The provider that hosts the servers and the database is added to this list before the service opens.

Data may be processed at these providers outside Türkiye or the EEA; transfers rely on the safeguards in section 6 of the Privacy Policy. Questions and objections: contact@nivorbit.com.
